

Custom built products-One of our group Activites

# Precision Sheet Metal Fabrication

Pragati Systems is known countrywide as the manufacturer of Drawing Office Equipments. Our Sheet metal & Fabrication shop is also engaged in manufacturing a lot of custom built products for OEMS, Institutes & Typical production lines.

## The Pragati Advantage

The promoters are technical people working for last 22 years.

The design team is fully aware of SOLID modelling /CAD /CAM practices & helps in evolving solution for any situation.

The Sales people have full working knowledge of all plant processes & capabilities. Your product is their first concern.

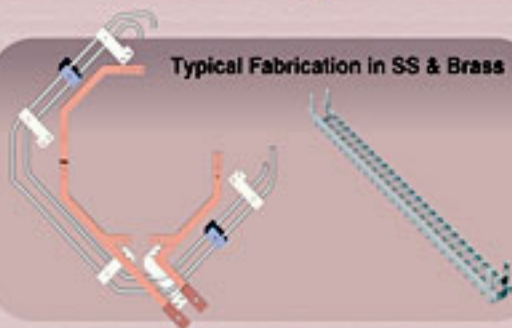

The Plant is committed to quality production & is fully equipped to do so.

Our customers can be assured that the product that they receive has been produced IN TIME to their SPECIFICATION

Housing for Electronic Instruments

Typical Fabrication in SS & Brass

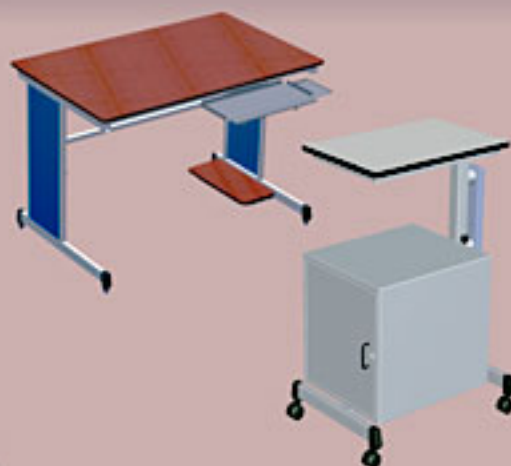

Electrical Boxes

Control Pannels for M/c tools

Custombuilt furnitures

Have your engineers call us or send us your specifications. We will be glad to discuss optional designs, translate into products, assuring both integrity & superiority.
