

# Drawing solutions for Architects, Interior Designers & Engineers.

**PRAGATI  
SYSTEMS**  
Drawing Office Equipment

## **Techniker - Mini Drafting Unit**

An innovative pride product from Pragati Systems, the house of **DRAWING OFFICE EQUIPMENTS**.

The stand is useful for Architects, Engineers, Design Studios, Artists, Medium Size drawing offices.

It is a fully adjustable Drawing Stand. Height as well as angle can be adjusted to suit your working posture. Sitting, standing straight, leaning forward or any position you want. Suitable postures available through two hand operated cam locks.

Steel tubular, heavy & stable structure. Levelling bolts help in stability of stand on uneven floor. Stand can be completely unfolded in a very short space. This saves valuable office space & is easy to transport.

Prime quality CR pipes, Mechanised manufacturing, Epoxy powder coating and inprocess quality control ensure a life long asset for you. All parts of the stand are fully interchangeable.

Size : Suitable for Imperial (23x32) & Elephant (30x42) size Drawing Boards.

Colour : Nickle Grey, Blue Moon. Other colour combinations also available.

Packing : Standard carton contains two Drawing Stands.

Accessories : Optional at extra cost - multiple utility tray & storage box.
